Would you know the answers:

- My husband is in hospital. How do I get him home as soon and safely as possible and with the needed help?
- What services are available to allow my elderly mother to stay in her home?
- How do I get my parents into long-term accommodation; e.g. retirement home, nursing home, etc.?
- What support can I get through my family doctor?
- For the different types of support available, what will OHIP pay for and what will I need to pay for?
- My wife has just had a stroke. How do I get her the rehabilitation support she needs?
- What day programs are available for clients and caregivers?
- How do I access hospice care?
- What health care clinic alternatives are available, so I don't need to wait in all day for a nurse to visit?
